진짜처럼 보이는 AI 영상 5원칙

사람이 찍은 것처럼 나오게 만드는 지시 5가지
그대로 붙여넣는 프롬프트

PART 1

진짜처럼 보이는 AI 영상 프롬프트

1.1 배경 · 살아있는 걸 하나 넣는다

TEXT

Behind her a cat walks slowly across the room and out of frame,
a half open closet, a mug and some clutter on the desk.

1.2 카메라 · 일부러 못 찍게 시킨다

TEXT

The camera is handheld with subtle natural shake and a slow drift,
framing slightly off center and not perfectly level.

1.3 표정 · 덜 짓게 시킨다

TEXT

Her expression starts slightly tense then softens and relaxes mid-sentence,
a small unforced half smile, never a big grin.
She glances down at her laptop screen for a moment.

1.4 동작 · 하나로 끝내지 않는다

TEXT

She first reaches up and adjusts the phone angle with her fingertips,
then tucks a strand of hair behind her ear, glances down at her screen,
looks back into the lens, and only then starts speaking.

1.5 사운드 · 층으로 쌓는다

TEXT

Audio: quiet room tone, faint keyboard clicks,
muffled traffic through the window,
soft fabric rustle when she moves, her voice close to the phone mic.

1.6 로고·구도 고정

TEXT

no visible brand names or logos anywhere in frame
arm's length distance, phone held in hand,
her face fills the upper half of the frame

TEXT

Vertical handheld selfie video, realistic amateur phone footage. A Korean woman in her late 20s sits at a small home desk in warm evening lamplight. She first reaches up and adjusts the phone angle with her fingertips, then tucks a strand of hair behind her ear, glances down at her laptop screen for a moment, looks back into the lens, and only then starts speaking in Korean: [이거 진짜 되네요 저 방금 처음 해봤어요]. Her expression starts slightly tense then softens and relaxes mid-sentence, a small unforced half smile, never a big grin. The camera is handheld with subtle natural shake and a slow drift, framing slightly off center and not perfectly level. Behind her a cat walks slowly across the room and out of frame, a half open closet, a mug and some clutter on the desk. Audio: quiet room tone, faint keyboard clicks, muffled traffic through the window, soft fabric rustle when she moves, her voice close to the phone mic. Natural indoor lighting, slight sensor noise, imperfect focus. no visible brand names or logos anywhere in frame.
